Parent Orientation was organised in our school to ensure all round student development. The parents of all the students were invited and were given a walkthrough of the school processes. Parents were able to understand their child's academic and co-curricular activities. Our Principal Ms. Jaya Prasad addressed the gathering and conducted different activities to understand the importance of parenting, age appropriate milestones, pre reading & pre writing skills in which parents participated enthusiastically. Parent Orientation for parents of class IX (2022-23) and X (2023-2024) was also organised regarding the plan of action for the academic year 2023-2024, school timings, documents required, syllabus and assessment pattern.

OPEN DAY

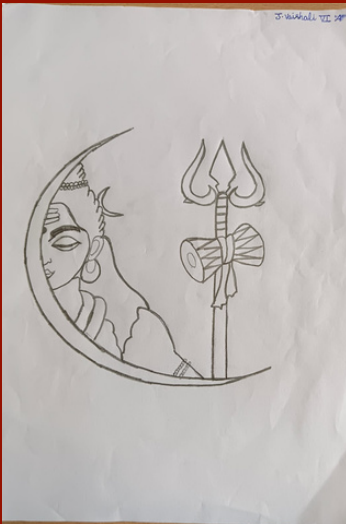

Know your Child!!!
Parents teachers meeting was organised on regular intervals to exchange observations of a child between parents and teachers. This occasion facilitated us to share our daily observations, clarify doubts and was able to provide a wider prospect of their child to the parents. The day always focused on better learning outcomes of a child.
